Services for Families with Children

Palveluita kotona olevien lasten perheille

Playgrounds

Playgrounds offer fun activities for children and families. Playgrounds are free and open to everyone. Parks are nice meeting places. Children can play with other children and parents can also meet each other. In the summer, some playgrounds organize guided activities and various events.

Feel free to join!

It is worth taking the plunge and joining the services for families with children. Children make new friends in the clubs and learn new things through play and shared activities. Participating in the activities helps child's transition from home to early childhood education and later to school.

Club activities (Open Early Childhood Education Services)

- Open early childhood education services means free clubs for children
- Clubs are organized for children who are at home
- In the club, children can for example play, do crafts and go outside
- Clubs are on weekdays (Mon-Fri), but mostly not every day
- Children spend few hours in the club

Family clubs

To family clubs a parent goes together with the children. In family clubs, one can meet other families with children and make new friends. There are also many activities for children.
