**Viikinsaari** is a summer recreation island only a 20-minute boat trip away from the Tampere city centre. This traditional amenity area of Tampere, offers a variety of things to do and experience during the whole of summer. One can go there for a picnic or experience one of the many events held there over the summer. The island has beaches, playgrounds and gaming fields. There is also a public campfire site and a sauna that can be heated by arrangement. Viikinsaari has a small marina that can accommodate 12 boats at a time.

The western part of the island is a peaceful nature reserve and the activities and events take place on the eastern side. For peace and tranquility you can visit the island's ecumenical chapel. The chapel is both a work of art and a place for meditation, and is often used for christenings and weddings.

Hop on board **Hopealinja** cruise boats at Laukontori Square and sail on the Pyhäjärvi Lake to the idyllic Viikinsaari Island. On the island, there is a restaurant that seats 280 people and a kiosk. Hopealinja also operates the restaurant and the kiosk.

Please note that walking around the island on foot takes about 30 minutes. Do not miss the last boat!

If you get lost or need any kind of assistance, please do not hesitate to call the conference assistant Jukka Springare at +358-400-201150.

Please keep the island clean and put your cigarette stubs and other trash to the litter basket!
